President's Report:

Sarah Dye

- The ECCFA End-of-Semester Party will be held on Friday, December 10th at Carmina's on Randall Road. Thank you to Armando Trejo who is in charge of arrangements.
- Responding to the request of Senate, the college and HR will host the annual Holiday Breakfast on the faculty's contractually obligated Grading Day, Friday, December 17th starting at 7:30 AM. As a result, faculty will no longer have class or teaching conflicts.
- I forwarded our comments concerning the 2012-13 Academic Calendar to Marcy Thompson as requested before the October 29th deadline.
- Thank you to the many faculty members who have been bringing the delicious food for the Negotiating Team each week. That initiative is being co-chaired by Armando Trejo (atrejo@elgin.edu) and Mary Elfring (melfring@elgin.edu). Contact one or both of them if you wish to become involved.

- **Construction Report from Paul Dawson**

Just an FYI that the college's construction manager on the Gateway Sign project will be shutting down Spartan Drive to install the sign's blue truss across Spartan on Friday, November 5, 2010 from 6:30 am until 4 pm. They will have electronic roadway signs flashing this is closed and detour barricades. The old detour route down Fleetwood will be open like our fond memories last year when they were building Spartan. In true stand up guy tradition, I will be on vacation that day starting on Thursday. We did do it on a Friday to impact our students and staff the least amount of inconvenience. They didn't schedule it because I was on vacation, it just worked out that way - nicely.

The construction manager for the SRC Remodel will close the upper plaza by the lake for a week starting Monday, November 1. You can access the second floor of the SRC Admin. Wing from the stairs (both inside and outside) to the Von Isser Gallery or through the temporary plaza walkway by the switchboard. They are working in the Founder's Courtyard area. They will be going through Student Life from 6 am to 7:30 am Tuesday-Thursday with skylight glass. This access is in the area

where they have the temporary plywood pass through to the courtyard from the lakeside plaza.

Good news, the new SRC main building elevator should be operational by Thanksgiving. No tears will be shed for that ADA unfriendly old elevator by First Stop. The new elevator will stop during library hours only on second floor. We are working on getting the new SRC Admin. elevator by start of spring classes. This is about 6 months early.

Speaking of 6 months early, the **new library will open 6 months early!!** We plan on having it open for spring classes in 2012 instead of Summer Classes in 2012. This will also expedite the completion of the vacated second floor SRC from Fall 2012 to Summer 2012. That nice weather and good construction people have been kind to us, knock on wood!

Admissions moved to their new temporary area today. Another deadline met! It will be the new Student Services area when their new cubicle furniture gets here and they move over Holiday Break. Admissions will be there for about 6 weeks while they remodel their old area. Come down and see Trevell and Mary P. on Monday and see what the new finishes and colors look like. Sign up for a class while you're there, why not?

The MPC will host a Community Referendum Project open house on Wednesday November 10 from 3pm to 6 pm. The project will be 99% complete and it is a real beaut! Peggy, Bruce, and Annabelle will have the envy of the campus after having the rented mule of the campus (did I say that out loud, some people like FSQ, shudder). The MPC floors don't creak and the freight elevator wasn't built when Teddy Roosevelt was in office, true story, 1908! Got to love Art Space and the City of Elgin for taking that off of our hands (did I say that out loud again?).

- **Testing Center Report from Victoria Roush**

Just 24 more days before Testing closes at MPC170 and returns "home" to SRC108. Yippee. It is lovely in the Multi Purpose Building but - There is No place like Home...

Testing in MPC170 will close at 5 pm on Wednesday, November 24 and remain closed until Sunday, December 5 for the gargantuan task of packing, moving, and unpacking.

Students can test at the Fountain Square Campus Room 408 from Monday, November 29 through Thursday, December 2 from 9 am to 8 pm. On Friday, December 3, the students can test from 9 am to 3 pm. There will be no Saturday hours on December 4 at either campus. Please call FSQ Testing at 847-214-6977 for more information.

Special note to Instructors: Please let me know prior to November 24, if you will need any makeup tests during the time frame of November 29 through December 5, 2010.

Main Campus Testing will be closed from 5 pm Wednesday November 24 through Sunday December 5. This will be the 4 day Thanksgiving holiday plus the following week for the move "home" to SRC108.

The Main Campus Testing Center will be located in the Multi Purpose Building Room 170 from September 1 to November 24, 2010. The Multi Purpose Building is located at 410 Renner drive on the north end of the campus on the west side of Renner drive.

1st Vice President's Report:

Luis Martinez

The ECCFA vice-presidents meeting with the vice-president of teaching, learning and student development was cancelled due to negotiations.

2nd Vice President's Report:

Susan Ford

The Vps' meeting with Rose was postponed because of other meetings needing rescheduling due to the power outage. Seniority will be on the agenda when we do meet. If you know of other items we should bring to her attention, please let Luis, Dave or me know.

The misinterpretation of UA2 qualification completion time has been turned over to the Grievance Committee. We received written confirmation of the problem.

After a quick investigation of a question about substitute pay, I have also turned that matter over to Grievance for college wide investigation. Apparently, the admin has decided unilaterally to pay substitutes by actual clock minutes rather than classroom hours. Some are using time sheets rather than Special Payment forms, which shortens the paid time even further.

The computers in SRC 175 seem to be working fine now. There is still need for a second printer. Much thanks to Marcy Thompson and IT for quick responses to UA needs.

I am meeting with Melissa Tait later this week to visit the new UA offices in MPC. We will be looking at any need the faculty will have that are not yet addressed so that everything will be absolutely ready when the UAs move in next semester.

Two disciplinary situations have been settled to the satisfaction of all.

I checked the UA2 email list against the current unit membership roster, and found quite a few errors. I sent them to Lonnie Keeler, who made all of the corrections immediately. Thanks, Lonnie!

We have approved 11 UA2s in math for extra load for Sp11.

General Q + A:

- UAF qualification
- Substitute pay
- Long-term subbing and Load
- UA2 access to FD fund—forms?
- Switching Load after the process is complete
- Maximum number of hours UAs can teach

Academic Technology:

Dan Kocher & Mary Peterhans

The Academic Technology Committee met on Friday morning, October 22nd. The committee discussed a proposal made by the Co-Chairs, Karin Stacy and Dan Kocher for concluding their Mission and Goals and Communications projects by the November meeting. The committee also discussed obtaining representation from all of the realigned divisions and authorized the co-chairs to discuss this with Ned Coonen, Rose DiGerlando and Sarah Dye.

The committee discussed the situation that occurred in September when a quorum was not present. It was decided that, when a quorum is not present, those present at the meeting would determine whether to continue with the agenda as proposed or adjourn rather than adjourn automatically.

An extended discussion was held on the impacts of a revised log in procedure to be implemented in January 2011. Individual logins will be required in our classrooms and labs effective the spring semester of 2011. All students and faculty should use their student computer accounts ID to login to all smart classrooms, computer classrooms and labs. The student computer accounts use their accessECC username and password, just like their student.elgin.edu email and D2L log ins, and can be used to log into any Windows or Mac PC in any ECC classroom or lab. All students, staff, and faculty have an account and are currently encouraged to use their accessECC username and password to log on to classroom computers during this transition semester.

Starting with the Spring 2011 semester, with the possible exception of the library, a generic log in using the universal password "ecc" will no longer be available. Since this change has the potential to generate significant confusion during the first few class sessions of the Spring '11 semester, the committee agreed to support additional programs or presentations to facilitate and update faculty, staff and students regarding the upcoming change.

The next meeting of the ATC is scheduled for November 12th

FAVs **Dan Kernler**
We'd like to start to periodically highlight local charitable organizations that are near and dear to our members' hearts. Our first featured

organization is Here for Life! Suicide Prevention Services, brought to us by Kim Tarver. The November Sentinel will feature a full article on SPS, but here's an excerpt:

Here for Life! Suicide Prevention Services, under the leadership of Stephanie Weber, established the first phone help line and the first self-help group for those who had lost someone to suicide in the Fox Valley, 28 years ago. Now combining these two efforts with prevention and educational programs, Suicide Prevention Services seeks to 'close the gap' between research and direct services.

SPS provides certificate training in suicide prevention for educators, mental health & health care providers. SPS is recognized for excellence in education, presentations and leadership at the local, state and national levels. Locally, SPS provides comprehensive screenings, consultations, survivor support, after care and attempter support groups.

Check the next Sentinel for the full article! And if you have a local organization you'd like your fellow ECCFA members to be aware of, please contact Dan Kernler at dkernler@elgin.edu .
