ADDENDUM:

Parliamentarian's Report 3/10/2021

An email was received from a member of ECCFA and this report is in response to said email. It was written by the Parliamentarian in consultation with the Chair of the Amendments Committee. Blue indented language is quoted from the email. Black non indented language is the response to the email. Black, bold faced, underlined text is from the constitution and bylaws. Red text is from Robert's Rules of Order.

There was an amendment to the constitution presented at the all membership meeting. The meeting was scheduled to end while debate on the amendment was ongoing. Due to lack of sufficient time to complete the debate, a suggestion was made to table the amendment proposal. The member who proposed the amendment in question expressed agreement with postponing the vote in order to allow more time for debate. At the Senate meeting on January 27, 2021, the Parliamentarian proposed a suspension of timelines for tabled measures from the All Membership Meeting on January 13, 2021. This allows for the proposed amendment to remain active and for the membership to engage in full debate and to vote on the proposed amendment at the fall All Membership Meeting. The motion was seconded and approved.

Given the discussion on the proposal to amend the ECCFA Constitution Article 8.3 was tabled and the vote was postponed due to time constraints, I would like to request the Senate to pass a resolution in the next Senate meeting to recommend to ECCFA President Kim Tarver to approve an electronic vote via email on the Amendment Proposal for Article 8.3.

To refresh everyone's memory, the core of the amendment proposal recommends that the ECCFA Negotiation Committee maintain equal representation (50/50) between full-time and part-time faculty members.

There is precedent for taking a vote to amend the ECCFA Constitution via email. Toward the end of Spring 2020 semester, the Senate approved measures to amend the Constitution via email so that the ECCFA election date could be pushed to a later date and for the ECCFA presidential election to be conducted via email and at a separate time from the election for Senators and Committee Members.

The extraordinary change in amendment process was instituted at that time and in that format because the constitution mandated election of Senators by April 30 (a deadline that the Elections Committee could not meet due to unforeseen college closures in response to Covid-19). Had we not made the amendment at that time, the election would have been unconstitutional and the entire institution of the Senate would have been jeopardized. The amendment was restricted to the bare minimum of changes needed to maintain the constitutionality of the election process. The change in language the membership was asked to vote on through email was:

Old language:

Bylaws Article VI Section 1: Elections for Senators must be completed prior to April 30 of each year.

New language:

Bylaws Article VI Section 1: Elections for Senators must be completed prior to April 30 of each year. In extreme circumstances, the Senate may extend the deadline for elections.

In the 4/8/2020 Senate meeting, the Elections Committee raised election timeline concerns due to fallout from the pandemic and the transition to remote learning. Details for what was changed and why are included in the Senate minutes from the 4/15/2020 meeting and a detailed report on what was necessary and how it was conducted is included at the end of the minutes from the 5/13/2020 Senate meeting. We respectfully request that all interested members review this information to see what is involved in holding votes via email and to consider whether it would be prudent

to conduct a debate and vote over the proposed amendment without an All Member Meeting given that there is no similar constitutional crisis for this proposed amendment.

This special measure to vote on the Amendment Proposal via email is important and urgent because the ECCFA Elections are coming soon and it would be appropriate for the Amendment, if passed, to take effect immediately, especially in the upcoming elections.

Constitution Article VII Section 3 Negotiation Committee: At the request of the First Vice-President, a negotiation committee will be elected. The negotiating committee will serve until a new committee is elected. Membership of the Negotiation Committee will consist of, but not be limited to the following: Negotiations Chair, First VP, Second VP, Third VP, the Communications Liaison, one member elected from each division, and any other person the Senate deems necessary.

Bylaws Article IV Section 3. The Negotiating Committee prepares for, negotiates and provides oversight of the bargaining agreement for the membership and appoints a faculty team to serve as spokespersons for contract deliberations.

Nothing in the constitution precludes electing a new negotiations committee, but past precedent has been the current committee stands for the life of the agreement. This past precedent is based on the oversight of the CBA being best handled by those familiar with the table talk in negotiations. The current contract extension is in effect until 12/31/2022, and the precedent is that there is no negotiating team on the ballot until spring of 2022. Furthermore, it is part of the rights and responsibilities of the First Vice President to call for a negotiations team to be elected and no such call has been made for this year. Neither the President nor the Senate has the authority to usurp these rights and responsibilities from the First Vice President and so, contrary to the offered justification for changing the amendment process right now, the current round of elections does not include a negotiations team.

I already addressed objections that were raised by several members in a document I sent the weekend following the general membership meeting, and I have nothing else to add to my responses.

In addition, as Robert's Rules allow, I am perfectly agreeable with the amendment proposal being revised before a vote and or being passed with revisions, so long as the core component of 50/50 representation is retained. Several faculty members supported the equal representation requirement, so this is an opportunity for them to improve the language of the amendment proposal as they see fit.

Constitution Article IX Section 1: All amendments must be submitted to the Senate Amendments Committee chair prior to the last regularly scheduled Senate meeting preceding a general membership meeting.

Robert's Rules governs our conduct where the constitution and bylaws are silent - it cannot be used to supersede or nullify the constitution and bylaws. The language that is voted on is the language that is submitted to the Amendments Committee in compliance with Article IX Section I of the constitution. Anyone wishing to alter their proposed amendment must withdraw the current version and submit their modified amendment to the Amendments Committee as per the above article of the constitution.

RONR (11th ed.) pp. 580-581, ll. 25-26, 1-3

The bylaws should always prescribe the procedure for their amendment, and such provision should always require at least that advance notice be given in a specified manner, and that the amendment be approved by a two-thirds vote.

RONR (11th ed.) p. 582, ll. 9-13

If there is a constitution separate from the bylaws, the requirement for amendment of the constitution should be made more difficult than that for amendment of the bylaws; otherwise there would be no purpose in having separate documents.

Proposed amendments cannot be modified beyond cosmetic changes once submitted to the Amendments Committee and so the vote that will take place is over the language that was submitted.

If I may, I would also like to request that either Kim, Ryan, or Kris provide a response with all members copied regarding the next or appropriate step on this matter. Thank you.

There have been many complaints about an inundation of our email boxes, and we would like to respect the wishes of the membership with regards to this. All members receive an email with the agenda of the Senate meeting, which includes this report. All members can attend any of the Senate meetings, including the one at which this report will be presented. All members receive an email with a copy of the minutes of Senate meetings once approved, which will contain this report. The ECCFA website (<http://eccfaculty.org/senate/index.html>) contains links to pdfs of the agendas and approved minutes as well. We see no need to clutter inboxes with an additional email when there are already several avenues to access this information but will respect the wishes of the Senate should the body disagree.

We request that when the Secretary sends out the agenda, attention is called to this report in the body of the email. We request that when the approved minutes are distributed to the membership, attention is called to this report in the body of the email.

Respectfully submitted,
Kris Campbell, Parliamentarian of the Senate
Ryan Kerr, Chair of the Amendments Committee
